Skills

I specialize in front-end development and have a strong understanding of

- **HTML**
- **CSS**
- **Java Script**.

I have experience working with frameworks such as

- **Bootstrap**
- **jQuery**
- **ReactJS**

I've worked on projects and web applications given below. I'm passionate about keeping up with the latest trends and technologies in web development and constantly strive to improve my skills.

Frontend Projects

Space Hunt – *A property rental website that connects landlords and tenants for the purpose of renting properties.*

- HTML
- CSS
- Bootstrap Framework

Note Keeper – *This web app is a digital tool that allows users to create and organize notes, memos, and other pieces of information in one centralized location.*

- HTML, CSS, Java Script
- ReactJS

Drum Set – *A web application that allows users to play and create rhythms using a virtual drum set.*

- HTML
- CSS
- Java Script
